Professional Experience:

The Ally Venture, Mumbai, Maharashtra (*Remote*)
Recruitment Research Analyst | *Jan 2026 – Present*

- Partner with startup clients and hiring stakeholders to deliver targeted talent research and sourcing solutions, with a primary focus on U.S.-based clients and New York startup ecosystems.
- Manage search mandates independently and in collaboration with senior leadership, owning key aspects of client communication, search execution, and market intelligence delivery.
- Lead client briefing and intake discussions to understand hiring priorities, ideal candidate profiles, team context, and business objectives.
- Advise clients on search strategy by identifying talent market realities, refining role expectations, and suggesting actionable adjustments to improve hiring outcomes.
- Execute end-to-end talent research workflows including candidate sourcing, outreach support, initial screening coordination, and shortlist development based on client guidance and hiring priorities.
- Utilize LinkedIn Recruiter, Claude AI, and advanced sourcing methodologies to identify, assess, and engage niche talent across competitive startup markets.
- Conduct market mapping, company mapping, vacancy mapping, and competitor intelligence projects to support talent acquisition and broader hiring strategy.
- Maintain accurate search progress, candidate intelligence, and company insights within CRM systems to ensure transparency and effective stakeholder collaboration.
- Drive regular client follow-ups and 1:1 meeting to align on pipeline quality, market feedback, and evolving search priorities.
- Specialize in startup hiring across Blockchain, Health tech, Agentic AI / Conversational AI, Fintech, and Tech SaaS domains.

TPI Global Solutions, Noida, India *(Hybrid)*
Senior Executive – Talent Acquisition | *Jan 2025 – Jan 2026*

- Led end-to-end recruitment for technology roles including Software Development, Cloud Engineering, Data Analytics, and Project Management.
- Conducted video-based proficiency screenings to evaluate candidates' technical knowledge and communication abilities.

- Partnered with business leaders and delivery managers to define hiring needs, create targeted sourcing plans, and meet project timelines.
- Managed requisitions and submissions through ATS and VMS tools (Beeline, Fieldglass, Magnit, Vector VMS) while ensuring compliance and accurate reporting.
- Collaborated with global hiring teams to streamline interview scheduling, assessments, and onboarding workflows.
- Maintained a real-time candidate tracker and analytics dashboard to measure progress, hiring efficiency, and conversion ratios.
- Cultivated strong professional networks and explored alternate sourcing channels to attract niche technology talent.
- Contributed to continuous improvement initiatives by analyzing recruitment metrics and identifying process gaps.
- Key Achievements:
- Successfully delivered multiple critical hiring projects under tight SLAs.
- Reduced average hiring turnaround time by improving candidate pre-assessment accuracy.

US Tech Solutions, Noida, India *(Hybrid)*
Technical Recruiter | *Mar 2023 – Dec 2024*

- Managed end-to-end recruitment for technical and project management roles across multiple domains including Software, Cloud, Data, and QA.
- Conducted initial screening and virtual interviews to assess technical expertise, communication, and role alignment.
- Supported high-volume hiring initiatives in collaboration with global delivery teams and client stakeholders.
- Created structured interview scorecards and candidate reports to support objective selection decisions.
- Maintained candidate databases, dashboards, and market insights for ongoing workforce planning.
- Developed and maintained professional relationships with vendor partners and technology communities to enhance sourcing reach.
- Drove compliance and process consistency within the applicant tracking system (JobDiva) and vendor management platforms.
- Key Achievements:
- Achieved 95% hiring satisfaction rating based on stakeholder feedback.
- Built a pre-qualified pipeline that improved talent readiness for niche technology projects.

Tech Providers, Inc., Noida, India *(Onsite)*
Executive – Talent Acquisition | *Apr 2022 – Mar 2023*
